## PHQ Two Boom Long Tom Jumbo

The skid-steer carrier is a fully-mobile, self-propelled wheeled carrier suitable for most underground applications. Featuring strong independent pneumatic 6.5 hp (4.85 kw) geared motors chain driving four solid rubber tires. Breaking provided by pneumatic back-pressure in the motors when the tramming valves are placed in neutral position.

Booms are manually positioned and locked.

Air consumption maximum 380 cfm (11 cmm)  
Speed range is 0 to 100 feet /min (0-30 meters / min)  
Traverse fifteen percent grades.

## Skid Steer Pneumatic Jumbo

*A light versatile Jumbo featuring  
PHQ250 Drills.  
Skid steer rubber tired model shown.*

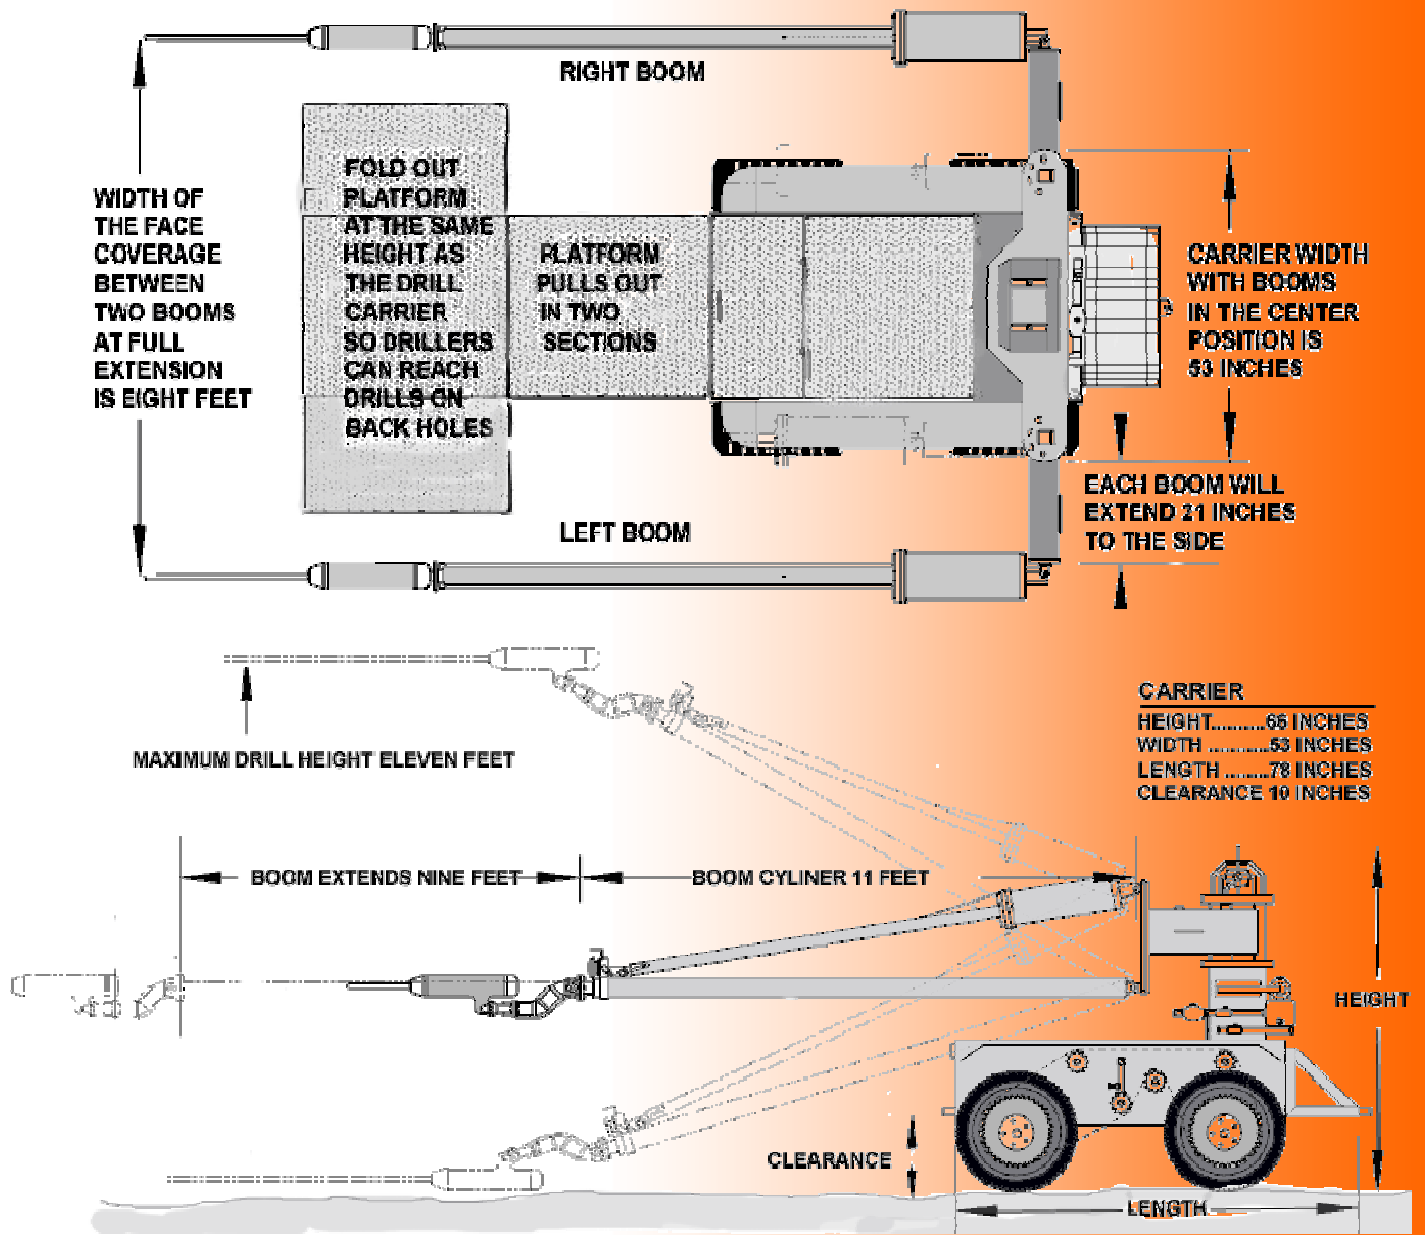

ISO 9001:2000

Certificate: 002485
